EDITORIAL COMMENTS

We have thought that our readers might be interested in learning that twenty-nine students in our High School received marks of ninety percent or over in the January Regents Examinations. Although the names of students, together with their examination marks were posted on the doors along the corridors, few people were interested enough, or had the time to look at all the lists so as to gain a comprehensive idea of the scholarship in the school. The following list will give some information on the subject:

Name	Subject	P.C.
Edith Baikie, English 4	90
Gervase Border, Solid Geometry	96
James Burns, Solid Geometry	97
James Burns, Spanish II	91
Emma Coles, Elementary Algebra	92
Wendell Hamm, Solid Geometry	98
Saveria Jenkins, Elem. Algebra	90

An examination of the list given will show that fourteen of the pupils receiving the marks were from the two lower classes and fifteen from the upper.

PORT WASHINGTON LOSES TO MANHASSET 27-19

Manhasset's undefeated basketball team kept its record unscathed by defeating Port's five 27-19 at Manhasset, last Friday night. The game was rough and exciting. Although our five never commanded the lead, they were at one time during the last quarter, but five points in the rear.

Manhasset's most threatening man, Manzinno, was expected to make 20 points with ease, but Jenkin's vigilant work kept him in check. The others of our team worked hard on the defense but seemed to fall short in offense. On the other hand Manhasset's work under the basket was very well done.

As an added feature to the game, "Seeds" Mallon had the idea of bringing over a fife and drum corps to drown out Manhasset's corps. The idea worked. As soon as Port's "musicians" arrived they filled the place with noise. We suggest that "Seeds" institute regular practice and take his gang on as many future dates as possible.

THE DOVER ROAD

We have with us again The Washington Square Players in their new play, "The Dover Road," by A. A. Milne. A number of last year's players are going to appear in this production and a participant in P.W.H.S. plays of '23 and '24 also will have a part. As one may judge by previous productions, the Washington Square plays are extremely enjoyable and done with a finish almost equal to Broadway professionals.

Inasmuch as the proceeds obtained from this play go toward the tuition of a student from our school for four years at the N. Y. U., the student body as a whole should cooperate with the Washington Square Players by selling tickets, not only in their immediate families but to outsiders as well. Tickets may be obtained in any home room. When a reserved ticket is desired, the student may bring the 75c ticket to Mr. Merrill with 25c and obtain one.

Let the ticket selling and propaganda of this play be put across as well as in the case of our own play. "Remember" the date is Saturday, February 6, 1926.

NEWS WRITING

Special credit has been offered to those Freshman English students who hand in accepted articles for the Port Weekly. All news is needed. Please help!

Miss Shempp's news writing classes will be held on Tuesdays and Thursdays in the twenty-minute period, in Miss Schoonmaker's room.

THE MOCKING BIRD

He didn't know much music
When first he come along;
An' all the birds were wondren'
Why he didn't sing a song.

They primped their feathers in the sun
An' sung their sweetest notes;
An' music ject come on the run
From all their purty throats.

But still that bird was silent
For the summer time and fall;
He jest sat still and listened
An' wouldn't sing at all.

But one night when them songsters
Were tired out an' still,
An' the wind sighed through the valley

An' went creepin' up the hill,
There came a song of melody
No human ever heard,
An' all the birds seemed singin'
From the throat o' one sweet bird.

The other birds went mayin'
In a land too fur to call;
Fer there warn't no use in stayin'
When one bird could sing fur all.

Jean Dutton, in Freshman English.

RULES FOR LIBRARY STUDY PERIOD

As you all probably know, a committee was appointed from the two senior groups to draw up a set of rules for relieving conditions in the library. These rules have been finally drawn up so Monday afternoon, January 11, in the thirty-minute period, representatives from each class group met in the library to read these rules and talk about them. Then, the rules were submitted, by these representatives, to each of the home rooms, for approval. Some of the regulations were very strongly opposed and it is yet to be seen whether they go into affect. However whatever the plans finally decided upon are, they should be abided by, by the whole school, to show its school spirit, if for nothing else.

LIBRARY NEWS

It may be interesting to know that on the bulletin board in the library are found various announcements concerning scholarships, essay contests and the like. If any of you are interested in these you may find further knowledge concerning them on the bulletin board.

There have been a large number of reference books ordered for Economics and also three books for History B. These will be found in the library shortly.

The following new books have been received at the library:

The History of Cuba (five volumes), W. J. Johnson.

Two Spanish Dictionaries.

The two new magazines, School and Society, and The Magazine World also have been subscribed for in the library.

FRESHMAN TEA DANCE

The Freshman Tea Dance will be held on February 17, from 4 o'clock until 5.30. Famous Bud Graham's orchestra will furnish the music which, as you all know, is irresistible. Admission 25 cents for one person, 40 cents for a couple. Come one, come all. We will have a grand time.

ASSEMBLY PROGRAM

The Assembly Program Committee is now at work choosing the three Senior essays which seem most appropriate to be read in Chapel period next week. The essays were written by the former 4B English students and the committee is finding it extremely difficult to come to a decision on the best ones, for they are all exceptionally well written.

GRADUATING CLASS

The graduating class of nineteen twenty-six at the present numbers about sixty pupils. From the fact that this is the largest class yet graduated from the high school, it is possible to see with what rapidity our school is progressing.
