HONOR ROLL LONG

First Report Cards Show Good Work

Who's out for high standings this year? By the looks of the list below it seems that there are a good many. Here are the names of all students who earned September honors and the subject in which they received 90 per cent or over. An * indicates a pupil whose general average for the month was 90 per cent or more. We congratulate the three Freshmen on their good work!

Fratry Lends a Hand

Last Thursday night the Fraternity held its second meeting this semester in Room 34, at 7.30. There were more than thirty members present besides the faculty adviser, Mr. Seiber, and several candidates for membership.

Many important topics were discussed. The motion was passed that the Fraternity members should take care of the sale of tickets for all sports and that they should manage the seating and the handling of all crowds at football, basketball, and baseball games, and all track meets. By selling these tickets and by handling the crowds, the Fraternity is helping the Athletic Association in various ways. For the convenience of those who have not purchased football season tickets, they can be procured from any Fraternity member at the standard price—one dollar.

After the regular business meeting was over, the refreshment committee served some "eats," consisting of many tasty sandwiches and delicious punch. Although there was no entertainment, every one present enjoyed himself.

For Thursday, October 13th, an entertainment committee has been appointed so that every member that comes will have the usual good time.

HERE'S TO YOU!

Designed and cut by Nancy

Classes Elect Officers

Last Tuesday the classes elected their officers for the coming year.

Seniors—Pres., D. Horowitz; Sec., W. Burns; Treas., R. Hubbard.

11-B—Pres., P. Seraphine; Sec., J. Leyden; Treas., D. Sullivan.

11-A—Pres., E. Hewlett; Sec., D. Lippert; Treas., M. Haynes.

10-B—Pres., H. Gilbert; Sec., R. Emmerich; Treas., E. Hotopp.

10-A1—Pres., J. Atwood; Sec., D. Hegeman; Treas., R. Black.

10-A2—Pres., C. Newman; Sec., A. Morgan; Treas., V. Metzger.

9-B1—Pres., B. Border; Sec., J. Bird; Treas., R. Enscoe.

9-B2—Pres., H. Swede; Sec., W. Woodward; Treas., F. Jenkins.

9-A1—Pres., L. Lanman; Sec., L. Kent; Treas., N. Frost.

9-A2—Pres., M. Moore; Sec., M. Wysong; Treas., W. Morris.

School Cheers Squad

Friday afternoon, the eighth period, the High School held its second assembly of this year. The entire football squad occupied the stage and members of the team gave some speeches on the schedule, changes in rules, and changes in system. Our cheer-leader, Bob Hubbard, led the student body in individual cheers for each speaker, member of the squad, the coaches, sports writer Allen, and managers Capra, Rogo and "Kidlet" Enscoe. "Happy" Erb spoke on "Spirit" for the games of the season. "Scotty" spoke on the schedule. "Charlie" Evanosky gave a very good talk on changes of rules of the popular game. "Fat" Newland explained changes of system which include new plays and the method of out-witting opponents by the "hopping about" on the line in the shift plays. Chairman Fay announced the results of the election of cheer-leaders. Bob "got it," with Marjorie Haynes as his assistant. "Tommy" led an individual yell for them. The assembly was brought to a close with a strong locomotive led by Bob.

Editorial Comment

Know Other School. Read Their Papers

The exchange department of any school paper, magazine or year book plays a very important part in the school publications. By exchange with various schools we are brought in closer contact with our neighboring schools and schools of other states. As we read the exchanges we become interested in the school from which we received that paper. We see how their paper is printed, and we note the good points. In this way we have the opportunity of making our own paper a more interesting and attractive school publication.

Sport events, news stories, editorials, and sketches are all of interest to students of local schools. Reading about the activities of another school causes one to become interested in the welfare of that school, thus bringing the two schools in closer contact with each other, although many miles apart.

Last year we exchanged with forty schools throughout the United States and with one in Nova Scotia, Canada. We received newspapers from twenty-two schools. Some of these papers were weekly publications, and some bi-weeklies. From eighteen schools we received magazines. The majority of magazines received were quarterly publications. Ten of our neighboring schools exchanged with us including Mineola, Great Neck, Hicksville, Sea

Venetian Glass Blower Here Thursday

On Thursday, October 13th, the pupils of the High School and Junior High School, as well as any of their friends who may wish to attend, will have the opportunity of witnessing a novel and interesting exhibition in the High School auditorium.

For the first time in the history of the school the pupils will have a chance to witness a Venetian glass blower, Mr. Frank J. Burke, who will astound young and old alike with marvelous feats in the line of blowing, spinning, silvering, and decorating glass. An interesting description concerning the origin, nature and uses of glass will accompany this novel act and Mr. Burke will perform several scientific experiments which will prove educational as well as entertaining.

High Schools from all over the United States have provided Mr. Burke with testimonials as to the success his performance has met with in their assemblies and the pupils and their friends are assured of an hour's instructive entertainment. The performance will start at one o'clock on Thursday and will take the place of the weekly assembly. A silver collection will be taken at the door at the close of the assembly and each person is requested to give a nominal fee to pay expenses.

Cliff, Manhasset, and Westbury. We are very interested in these schools because we meet them all in sports and in other contests.

We received a very interesting letter from the Westbury High School, asking us to exchange again with them this year. The Westbury school prints its own paper. This nearby school appreciates the fact that the exchange of school papers brings the two schools in closer relationship with each other.

Last year Manhasset had a mimeographed weekly, but this year they have a printed sheet. Their printed paper certainly is a vast improvement over the mimeographed style. Many schools begin publishing school papers by having them mimeographed. Once this style of paper gets started and is supported by the student body, then the printed form is adopted. It is interesting and encouraging to note the growth in quality of school papers.

The Port Weekly has also been improved this term. For example, instead of having one headline, two headlines are used for some articles. The first line is of large print, while the second line is of smaller print. This change makes our paper much more attractive in appearance. We must continue publishing interesting and attractive weeklies and do all we can to improve the paper in every respect.

All students are invited to read the

Mr. Gracey to Sing in Italy Again

"Italy is a wonderful country," says Mr. Stuart Gracey, a rising operatic star, who sailed Saturday on the Roma to continue his singing career abroad. Because of the fact that he has sung in both the northern and southern parts of Italy he is able to make this statement. Mr. Gracey made his debut in Naples last fall. His goal is the Metropolitan Opera, but to reach this destination five or six years more of study will be necessary. In order to study in Italy he has found it essential to learn the language, which he has discovered easy while living with the Italians.

The first part of his studies consisted of learning ten roles. He still has many more to learn.

The opera season is short in Italy, lasting for two and a half months at the most. If the Italians like the singer they shout and applaud and call for an encore, after which they wait to receive him. If the star is not liked, the Italians whistle. The opera season in America is long, lasting for about six months. A company must have at least twenty operas on repertoire.

Besides singing in many of the cities, Mr. Gracey wrote articles for the newspapers. He has had the honor of receiving a letter from Premier Mussolini, complimenting him on a praiseworthy article about Italian Seamen. He has studied Italian art also and written articles on it.

Before going abroad he directed the glee club at Hobart. He took the glee club orchestra abroad with him. It was the first American jazz orchestra to play in Milan, and it was very popular with the Italians. They played in a street cafe while hundreds listened. Max Smith, of the Paris Herald, and manager of famous conductors, wrote an article about the orchestra.

Mr. Gracey is very young and will be under thirty when his studies are completed. If he is fortunate he will be the youngest baritone singer that has ever entered the Metropolitan Opera Company. He got his start in the American Opera Company in Rochester while attending Rochester University. He was one of the ten chosen and so left college after his first year and went on a two-years concert tour in which he gave over a hundred performances.

From Genoa, where he will land, he will go to Milan. He is engaged for the fall and winter seasons in Naples. After that he will sing in Palermo, Florence and Rome.

Mr. Gracey is a brother-in-law of Mr. Merrill. He has sung several times in Port Washington and we all wish him the greatest of luck in his career.

exchange papers. By doing this one will become familiar with the activities of other schools, and closer relationship will be brought about.

Port Victorious in Opener Vanquishes Huntington

Weather Poor

With heavy clouds hovering overhead and rain imminent any moment, keeping down the crowd of spectators anticipated for her inaugural grid clash of the season, Port administered a 7-0 shell-shacking to Huntington High School last Saturday. The score does not reveal all. Port could score but one touchdown, but had her rivals continually on the run.

An Early Start

Port started operations early in the first quarter. Clarkson took the kick-off, but fell heavily on the slippery turf. Erb set the match to festivities by making ten yards on right end. Leyden added seven more on a rifle plunge through center. Erb again made ten yards, but half the distance was nullified when Port was penalized for off side. Port's spirited drive came to an abrupt halt and Leyden was forced to kick. Here the fans received their first chance for vocal exercise. Huntington's safety man, hounded by the thud of approaching feet, fumbled the kick and Port recovered, giving her a first down and a gain of forty yards.

The Only Score

Erb crashed off tackle for three yards, but a fumble, though recovered, lost ground. "Jock" Leyden then made a glittering play, skirting the right flank of the line and hurling himself through three yards of air to land safely, but well shaken up, over the goal line. An unexpected pass, Erb to Williamson, easily added the extra point, fixing the score at 7-0.

Attack Shifted

The intermission seemed long and wearisome to the spectators, but short indeed to the combatants. On Port's fourth down, Leyden made a brilliant flank of left end for a first down. Port then shifted her attack to the Lindbergh route. Leyden shot a long, wavering aerial to Clarkson, but the ball was intercepted by a Huntington back who was downed in his tracks. Huntington pushed out of bounds on the forty-yard line. Sullivan battered right tackle for four yards as the third quarter ended. Score 7-0.

Sullin Stars

Erb passed to Clarkson, who, though in an unstable position tenaciously grasped the ball and continued to run. So viciously was he tackled however that he was K. O'd. Stone was substituted. As Erb unsuccessfully attempted a pass on fourth down, Huntington took possession of the ball. Her first shot was a long pass intended for her end, but "Dap"

FOLLOW THE TEAM TO SOUTHAMPTON

SATURDAY, OCTOBER 15

Game Called at 2.30

For the benefit of those who are going to follow the team to Southampton, these statistics have been compiled. Please arrange your schedules accordingly as all figures have been verified at the Bureau of Vital Statistics.

The running time is as follows:

"Pop" Merrill — 7½ Hours.
Ed. Keeley's Boiler — 15 Minutes.
Miss Winter's — Lost in transit.
Tom Williamson's — 10' Flat.
Phil Seraphine's — 14½ Minutes.
Bill Newland's — Overboard at Speonk.
"Lem" Lovejoy's — Vaulted 8-foot fence.
Dave Stone's — Detained at King's Park.
Mr. Dimmick's — Lost at Parliamentary Procedure.

As you may deduce from these statistics, at least 50 per cent of the competitors in this race may reach their destination.

SO LET'S GO!

Sullivan, substituting for Rycek, speared the ball as it was about to descend into the intended receiver's hands. It was an almost incredible play. Port failed to follow up his supreme effort and was forced to kick. Huntington then launched her first real offensive, making thirty-five yards in six plays. On a cross buck pass, Port was momentarily deceived, giving the thrower a fraction of a second longer to send the ball hurtling through the air to its objectives. Again "Dap" was there. He leapt spectacularly into the air, grabbing the coveted pigskin and careening off the intended receiver's back as he returned from his altitudinal position. It was a gem of a play.

As the final whistle blew, the crowd surged onto the field, embracing "Dap" for his miraculous playing.

Line-Up

PORT	HUNTINGTON
O'Neill	l.e. Connell
Chambers	l.t. H. Moore
R. Smith	l.g. L. Wolfe
Newland	c. Felt
Terrell	r.g. J. Moore
MacVicar	r.t. Oakley
Clarkson	r.e. L. Monroe
Erb	q.b. Cook
Rycek	r.h.b. Boccia
Leyden	l.h.b. Bollatly
Williamson	f.b. Monroe

Score by periods:

Port	7	0	0	0
Huntington	0	0	0	0

Touchdown — Leyden; extra point Williamson (pass).

Substitutions — Stone for O'Neill; Gore for Clarkson; Sullivan for Williamson; Tins for Terrell; Bray for Smith; Sullivan for Rycek; Tins for Smith; Allen for Rycek; Seraphine for O'Neill; Stone for Clarkson; Rycek for Williamson; Sullivan for Rycek; Gore for Stone.

Referee — W. S. Girling (Union).
Umpire — J. J. Morgan (Bucknell).
Head Linesman — Wm. Zimmer (Union).

Time of periods — 8 and 10 minutes.

Are We to Play Mineola?

Hockey practice started regularly last Monday, although the girls were on the field Thursday and Friday of the preceding week. The first day a goodly number of girls appeared and declared their intention of trying to learn how to play hockey and to help us build up a team. However, now that the real work has begun, the number is diminishing from day to day. Aren't there twenty-two girls in Port Washington High School who have enough spirit and pep to spend three nights a week playing hockey? It seems absurd! Great Neck has a team and Mineola is starting one. Why can't we have one too?

All those who are interested in hockey please show your school spirit and come OUT! We have our first game next Friday, October 14, after school, at Mineola—if we have enough players to make a team. Don't let these other schools beat Port. Come on girls, help us out!

Freshmen Plan Dance

On Friday, October 7, after assembly, all four sections of the Freshman group were in the auditorium. Barret Border, president of the 9B group, presided. The dance to be held in the Flower Hill gym on October 29 was discussed. Committees were appointed to look after decorations, refreshments, orchestra, tickets and advertising. The Freshmen show they have speed by starting off the social activities of the school year. Best of luck!

Alumni Make Fraternities

We are very proud to announce that two of our Alumni have made Fraternities at the Colleges which they are attending. These two are Herman Stuetzer and Arthur Dillingbeck. Stuetzer made the Beta Theta Pi Fraternity at Cornell University and Dillingbeck made Sigma Nu at Bowdoin.

Car Owners Lay Plans

If the plans of the owners of the two venerable Ford coupes which stand in the school parking space meet with success, Mr. Burke may be prevailed upon to manufacture a few windows and head-light glasses to protect them from the cold, dark winter nights which lie in the offing. So by all means be at assembly on next Thursday.

Mr. Schreiber Attends Conference

Last week Mr. Schreiber spent several days at a council conference of School Superintendents which was held at Lake Placid. There were more than 250 schoolmen in attendance. Every superintendency in Nassau County was represented.

The Port Weekly welcomes the return of Miss Young, who resumed her work Monday morning. Miss Young has been absent for some time because of illness.

The members of the Celerity club will enjoy a big "spread" tonight in the Library, at 8 o'clock. Business plans will be discussed.
