EDITORIAL COMMENT

The Spirit of Success

Next year at this time, we will be in the new high school building, full of hopes and ambitions for the coming years. Besides making our years there a success, we should make our last year in the old high school a memorable one, so that her halls may tell future generations of our deeds.

Let those who have not already resolved to make this year their best, begin now. The first report cards of the year will be issued today and that is one way in which you can keep your resolution. Not only are there the marks to consider, but also there is the support of the student body at all school affairs. Secondly, there is the football team, which, **without your** help, certainly cannot win the championship of the North Shore. Also — the girls' hockey team, we hope, will be in a condition to challenge a n y school. In addition, there is the Port Weekly, which cannot be carried on unless there are the required number of subscriptions.

And it is therefore your duty, students in the Port Washington High School, to make this coming year a success in every way!

A contest will be held for a new cut to appear at the top of this column. Drawings must be 6 x 8 1/2 inches large and should be suggestive of the town or the new school. Material should be handed to Miss Wilkinson by November 1st. A prize will be given the

Fratry Under Way

The first meeting of the Fraternity was held Thursday evening, September 20th. An outline of the activities for this year was read and discussed by the members.

Last Thursday evening the second Fraternity meeting was conducted by President Neusel. The following names were proposed for membership: Bob Fertig, John Lawrence, Leo Lanman, Scotty Morgan, D. Watson Lippert, Milton Ryeck, Stuart Choate, Bob Guilford, Bud Mullon, "Strap" Smith, Joe Teta, Sullivan Dell and Roger Enscoe.

The Fraternity intends to hold a dance on December 21st, which they expect to make the best one of the year.

Eddie Capra is in charge of the football season tickets this year. Get your tickets early from the Fraternity Member who has charge of them in your home room. The Fraternity promises to have a canvas sign to advertise the football games. This is to be strung between two telephone poles on Main Street.

Hereafter the Fraternity will meet on Wednesday nights instead of Thursday nights.

Celerity Also Active

The Celerity held its first meeting of the new term last Thursday evening. There was a good turn out and much discussion about various things for the coming year. It was decided that Jane Bird, Marjorie Rice and Constance Alexander were to be the first new members of the term. Jacqueline Atwood was appointed on the initiation committee to take the place of a graduate. She will also help take care of the new members.

Circle Holds First

Meeting This Term

Last Wednesday "The Circle" had a reunion, after the summer vacation, in the High School Library. There were a few missing that have graduated but there will be others who will help to fill their places, whose names will be announced at a later date. It was decided that officers for the new term will be elected at the next meeting. Later in the evening refreshments were served and all present had the usual good time, which is always an inter-

Football Squad Ready

For Great Neck

Port's football season opens this Saturday afternoon with a game at Great Neck. Are we ready? Well, I guess. With a month's practice behind it, Port's team is in fine shape. Port and Great Neck have had many torrid battles in basketball and baseball in the last few years. Now they meet for the first time on the gridiron. This year Port's first game promises to furnish as many thrills as any of those which come later. So let's have a large crowd at Great Neck to see what the team can do this season.

When the first football meeting of the season was called over 50 players reported. This was a record turn-out for football in Port Washington. Not only did they come out but most of them stayed out and now in the fourth week of practice there are still enough players for three teams.

Practice Game Last Saturday

Last Saturday the first team backfield and the second team line defeated the second team backfield and the first team line in a practice game by a score of 18-7. The former team scored a touchdown in the first minute of play and then started an accurate passing attack which gave it twelve more points before the half was over. In the last quarter Jack Leyden scooped up a fumble and scored the only points for the losers.

Take a look at this year's backfield. Captain Charles Evanosky plays full-back, "Dap" Sullivan quarter-back and Polk and Williamsen the two halves. Several new men have shown up remarkably well in practice. Clarkson and Seraphine, ends; Leyden and Terrell, Smith and Ryeck, linesmen, and Allen, a back, played in games last year and will again be available. To increase the team's speed especially light pants have been bought for the backfield and ends.

Last Friday in assembly Raymond Smith made a speech urging everyone to buy a season ticket. Three of the best games will be played at home this year, those with Southampton, Manhasset and Glen Cove. The season tickets are now on sale for one dollar. The price at the gate will be fifty cents a game. Marjory Haynes and Alice Gregory led the students in some cheers for the team and its coaches.

Dramatics

The opening of the school season this September celebrates the first anniversary of the Dramatics Class. The course reopened with eagerness on the part of the students, especially the Freshmen. Two classes have been arranged for the seventh and eighth periods and are held in the auditorium. It may add to the parents interest to know that Miss Hawthorne has had professional experience, having played in Repertoire and Stock. Last season she also appeared with Anglin in "Electra." The classes are learning first the fundamentals which are required in plays. Another asset is that each student has two new text books which will be used during the term. This course should be taken by all high school students regardless of whether they wish to take part in school plays, for a good speaking voice is a decided asset in business and social life.

New Additions To Our High School Faculty

This year we have added five more teachers to our faculty to take the place of those who left last year. Although they have only been in school for three weeks, they seem like old friends now.

Miss Bonnie Hawthorne, whose picture is on the extreme left, is the new Dramatics teacher. Miss Alice Gormley, who appears next, is in charge of mathematics. Next comes Miss Lucille Tucker, who has the Home Economic classes. Last but not least is Miss Eva Curry, who teaches French. Mr. Sheldon is our new Music teacher. His picture does not appear in this issue but will appear later when we will have something to tell you about his plans for us in Music.

Miss Hawthorne has had a very interesting career in Dramatics. After receiving her A. B. at the University of Wisconsin, she was at Riverside High School in Milwaukee for five years, as head of the dramatic department. During her stay there, she produced many interesting plays, some of which were "The Bluebird" by Maeterlinck, "Little Women," "Pomander Walk," "Midsum-

mer Night's Dream," "The Mikado," etc. Those of last year's dramatic class will recall "The Mikado" with pleasant memories. Miss Hawthorne has appeared professionally in Stock and Repertoire with James Gleason and Elizabeth Risdon. Last season she played on Broadway with Margaret Anglin in "Electra."

Miss Alice Gormley, our mathematics teacher, is a graduate of St. Lawrence University at Canton, New York. She taught at Weedsport High School, New York, for three years before coming here.

Miss Lucille Tucker is a graduate of Cornell, where she majored in domestic science. She comes to us from Newark High School, New York.

Miss Curry graduated from Durham University in England. She then taught at Rutherford College, Newcastle-on-Tyne, England. For the past three years she has been teaching French at Delanson High School near Schenectady, New York.

We all hope our new teachers will like us well enough to remain with us for many years. Every now and then teachers resign, carried away by marriage or duty. New ones take their places but our former teachers are not forgotten.

Alumni Notes

"Lem" Lovejoy is attending New York University.

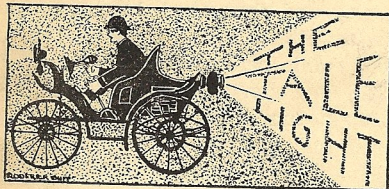

"Bob" Enscoe, Port's most popular boy, entered his Sophomore year at Lehigh University.

Marion Birkel, winner of the New York University Scholarship, is now attending that university.

Laura Morrison is attending the University of Missouri.

"Bill" Newland is enrolled at Notre Dame.

"Skippy" Wallingford and "Patty" Miller are attending the University of Maryland.

Assembly Notes

Last Friday, September twenty-first, saw our first assembly this year. Mr. Sheldon opened it by leading us in a few songs. Soon we hope to have some song books which will greatly help our auditorium singing.

Mr. Sheldon also spoke about reorganizing the glee clubs and orchestra. He advocated starting a band in the near future.

Mr. Merrill then took the floor. He mentioned the necessity of coming to assemblies. Fire drill regulations were gone over. Assignments for posts during drills were given to various upper classes. Then he announced the temporary staff of the Port Weekly and introduced the several editors who were to speak.

William Woodward, the Editor-in-Chief, spoke about the future activities of the paper. Stuart Choate and Dorothy Williamson told about the necessity of school support, both from a financial and news point of view. After the school song had been sung the

Girl's Hockey Team

Beats Former Rivals

MARJORIE HAYNES '28 CAPTAIN

A little over a week ago the Port girls entered upon their second season on the hockey field. Thirty-five students reported for the practices.

Last year, starting out upon their first adventure in the game, they were defeated in two out of three games by Mineola.

Wednesday they met their former opponents in a practice game at the high school field.

Although the Mineola girls displayed some spirited playing their opposers kept ball near their goal most of time.

The game was played in twenty-five minute halves. At the end of the first time period Port had raised the score to 3-0 in their favor.

During the second half the out of town girls started with the ball at an increased rate of speed, even better than they first showed. Despite this new enthusiasm Port proved victorious
