## Is "Supervised Study" a Success?

After two months of trial of "Supervised Study" in our daily classes a number of facts seem to be evident. The pupils who did good work under the former system are keeping up the good work now and find it a real advantage to be able to do some of their "home work" in class. An inspection of any group that is "studying" shows some hard at work, concentrating on the job in hand and getting results, while others show varying degrees of restlessness and a lack of concentration which must be evident in the results they secure, or fail to secure.

Our new schedule has been planned in the belief that we can do a portion of our advance preparation in the class room with the teacher present to point the way to better results and to help us over hard spots. If we "tend to business" we can get a real start on tomorrow's lesson and make our home study easier and more efficient.

SENIOR DANCE SATURDAY

## Red Domino Play To Be Given Today

### Girls' Basketball Started

The play called "Rehearsal" to be given in assembly the eight period this afternoon is the third one of the series of monthly plays produced by the Red Domino Club under the dramatic supervision of Miss Hawthorne. As Miss Hawthorne has put all her time toward the production of "Little Women," the cast of "Rehearsal" have been practicing by themselves trying to get their play in good shape. There has been a change in the cast since it was published two weeks ago. Constance Caldwell has taken the place of Emily Wilson in the role of Marjorie. They have been working hard and they surely will merit much credit when their successful efforts will be revealed this afternoon. Let us all be there and make them feel that their good work is justified.

P

"Good-bye Hockey, Hello Basketball," say the girls. They played their last Hockey game with Mineola at Mineola on Monday.

As usual the girls have turned out for basketball in their usual attendance and good spirit. At the first meeting Edna Wackwitz was chosen captain and Beulah Guilford is again our manager.

The first practice was held on Tuesday and although we lost practically all of our veteran basketball players last year, the prospects do not look hopeless. Hard work both physical and mental will help, for there is much room for improvement.

P

"The Turtle Dove," a one-act play given by the Dramatics Class, was the main attraction of Friday's assembly. The cast, made up entirely of girls, ably presented the story of the willow plate. It was given in the true Chinese style without the aid of scenery. The property "man" was ever present to hand the properties as they were needed, to the actors. If they wished to stand under a cherry tree, a sprig of cherry blossoms served; if they wished to walk in a garden, an imaginary door was opened and there it was! The costumes were all made by cast and appeared very effective from the audience.

P

Manhasset must have been pretty optimistic about the game last Saturday because quoting our worthy contemporary "The Cub Reporter" we find: "Do you know that Manhasset is going to beat Port Washington on November 16th?"

SENIOR DANCE SATURDAY

## Seniors To Give Dance Saturday

### "Get Out the Glad Rags"

Well—everybody had better drag out the glad rags again—the gallant Seniors are throwing their final whoopee before leaving the portals of the dear old High School. The Senior Dance has always been relied upon as being one of the best of the year. Furthermore, we think that this one will not disgrace that tradition in the slightest bit. In fact, we think that it will glorify it!

Gus Vallee, brother of Rudy and Leigh, will supply the rhythm. And specialties? Well, you just go and see for yourself! Gus Vallee has never been around these here parts before—but, fear not, and take our very honorable word (heh-heh) that Gus Vallee will not spend most of his time in the boy's locker room.

And refreshments—Well—from what we hear there is going to be something different. But we can't tell you everything!

We are not trying to persuade you or anything—no, no, not that! We merely want to impress upon your very worthy minds that you won't know what a good time your missing if you don't come!

We might mention the fact that the date is this Saturday night.

## JOE CIMINERA TO GO UP-STATE

Two Saturdays ago, Joseph (Chippy) Ciminera represented Port in a cross-country race at Van Courtland Park, New York. All schools in the New York section were invited to compete.

Joe was leading the field at two miles with only half a mile to go. Then, because he was stricken with a pain in the side, he was forced to slow up. He actually stopped only to start again with new determination. Gamely sprinting the last hundred and fifty yards he managed to place sixth.

Since the first six were entitled to compete at Ithaca for the state title, Joe qualified. He was unable, however, to place in the state finals but still, wasn't far behind the leaders.

### Glen Cove Game Saturday

This Saturday Port will play its last football game with Glen Cove at Glen Cove. While Glen Cove has scored only one victory, she promises to give Port a hard struggle. Let's all be on hand to support the team in its final tilt.

## News Picked Up Around the School

### Chas. Newman Wins Cup

A week ago at a dinner of the North Hempstead Country Club "Chas" Newman received a cup for winning the golf championship of the club this year. While it is rather late in the season his performance in the final round should be mentioned. In the morning his final score at the eighteenth hole was 81. In the afternoon the score was 74. Strange to say Doctor Newman was the runner-up for the championship with Charlie.

This tournament is one of the outstanding events at the club and Port High is proud that one of the students has been so successful.

Miss Buckley visited a foreign country last week-end, sailing at midnight on the fast ferry, John J. Harrison for Staten Island.

"Peg Purdy witnessed two games last Sunday in New York, a football game in the afternoon and an ice-hockey game that night.

Jinx Hooopp and Irma Terrell went riding last Saturday afternoon at Great Neck, Bob Geddes not being along.

Bob Guilford spent some time last week-end in Glen Cove with a friend of his.

On being interviewed, Alton Pad-dock said he did not do anything last Sunday.

"Big Boy" Enscoe is now able to go around without crutches. Hope you will be alright for the dance this Saturday night, Rodge.

The football team gets tickets for the Beacon Theatre next week for winning the Manhasset game.

A number of boys from the cast of "Little Women" went to New York last Saturday with Miss Hawthorne to get costumes. It is rumored that Tom Luey got lost and was found in a Five and Ten Cent Store.

Frank Engleman and "Al" Reade saw the "The Isle of Lost Ships" at the Keith-Albee last Saturday night.

Two Associate Members of the Fraternity were present at the meeting last Monday, "Danny" Sullivan and "Hutchy" (Sylvester Hutcheson).

Last Saturday night and part of Sunday morning the orchestra with which Barret Border blows his saxophone played at the Oriental Dance given by the Masonic Headquarters in New York.

We see by the Herald-Tribune that Bob Lafferty scored all four touchdowns in the Manhasset game during the second quarter. Congratulations, Bob.

## Fratry Changes Dance Date

Again, the Fraternity has changed its mind in regard to the dance date. This time they say December twenty-seventh is the date—well, certainly hope so! This particular date is quite convenient for those graduates who return from college for the Christmas Holidays—making it rather like old home week!

And while we are on the subject of dance, we might add that Freddie Sleckman will be the maestro conducting the music for the dance. From what we gather, Freddie Sleckman has many novelties in store for us, which, too, will be an unusual feature.

There were, in response to our request, many more subscriptions paid. We don't want to seem like the proverbial bill collector, but, honestly, we would appreciate ever so much if these little debt that are so unpleasant be cleared up as soon as possible—much to the relief of all concerned. And thanking you again and again, we remain sincerely yours—!

Is everybody happy? Here's another little ditty-witty we submit for your delectation—"Mary Ripped Open The Mattress—Hey-Hey!" . . . A bit of history—the composer of this ditty was found, on the day after its publication, in the street, his body riddled with bullets! . . . And as Eddie Cantor was telling us the other day, "Well," says he, "since the street has gone on the rocks, I should worry, my broker is carrying me—my broker and four pall bearers!" . . . Someone said, "Scotty, with those ears you look like a loving cup." (We apologize, Scotty, but we had to find someone to pull that gag about, and you were the victim!) . . . The louisiest pun of the week—"The sheep is covered with fleece!" . . . Then there is the one about the stock broker and the chorus girl—(censored by the Editor) . . . We have, at last, found a way to get plenty of exercise and that is to move into an apartment where the door bell and the dumb waiter bell sound exactly like the telephone bell! . . .

We decided how nice it would be to have all the money we spend so foolishly so that we could spend it foolishly again. . . Have been very earnestly wondering what has happened to all this sudden interest in revising the Supervised Study System. The funny part about it is the fact that nobody seems to like it, and yet they can't find any really substantial reason why it shouldn't be a success. We guess it's a mental hazard, more or less. Nobody can become accustomed to the new system. It all takes time, though. . . But, as someone has said, it is much better to be a widow's second husband!

In closing we say again, don't forget the Fraternity Dance on the twenty-seventh of December. You must come!

## Port Team Crushes Manhasset 24-0

### Polk Scores 3 Touchdowns

Last Saturday afternoon Port decisively beat Manhasset on Manhasset's field. Since the day was ideal for football, and also, since there is always a keen rivalry between the two schools a huge gathering witnessed the fray.

In the first period both teams fought hard but Port always kept the ball in Manhasset's territory. Port continued to advance the ball toward Manhasset's goal in the second period. Gains by Polk and Gould advanced the ball to within fifteen yards of a touchdown. Then, a pass to Lafferty brought the ball over the goal for the first score of the day. The half ended shortly afterward.

In the beginning of the last half Manhasset fought back gamely but was checked on our twenty yard line. From his point on, Port completely outplayed its opponent. For the first time this season everybody worked together. "Swiss" Neusei conducted the team skillfully and the line fought hard. Polk crashed through the line for three touchdowns. Every man in the back-field ran at some time over 20 yards. Jenkins, the end, ran 20 yards on a pass behind the line. After being hurt a few minutes later through a repetition of the same play, he was taken out and Angus put in his place. Filling his position in true Jenkin's fashion he made two clean tackles in succession. Tries for the extra points were unsuccessful, however, and the final score remained Port Washington, 24; Manhasset, 0.
