

Port Beats Oyster Bay, 18-6

In winning 18-6 over Oyster Bay last Saturday, Port has aroused increasing optimism towards a successful '43 gridiron campaign.

The game was the first for many of the blue and white line-men, but much credit is due to them for paving the way along the touchdown trail.

Contino hit paydirt twice on brilliant runs while Mesch accounted for the other T. D. The Baymen were not a strong outfit but fine passing almost proved to be Port's downfall.

The game was exceptionally clean with neither team drawing more than thirty yards in penalties. Blocking was found to be a bit ragged but a little polish in the right places should provide a good front wall for our veteran backfield.

The line-up was: Backfield—Denzel, Keates, Contino and Mesch. Line-Tackles—Mongiello, Nakelski; Ends, Younger Ochenskosi; Guards, Pliskin Brandon; Center and Hobbie. Others who saw action were: VanderVoort, Clark, Mosher, Fasano, Perley, Poole, J. Nakelski and Scott.

The Hicksville game tomorrow should be an interesting contest. The orange and black trampled a very weak South Side team to the tune of 50-0. Ed Coleman, bally-hoed halfback, scored three of his teams touchdowns. But, Port has a score to settle with these boys. Remember the "sleeper" which resulted in a disputed tie last year?

If Hicksville lives up to its press notices, an orange and black victory is in sight. However, newspaper clippings cannot defeat guts, determination, and team spirit and Port might well come out on top.

An announcement of interest has come from the Flower Hill Pharmacy. "One free ice cream soda for every touchdown to the player who scores them."

It's the Little Things that Count

Two and two add up to four, Four and four make eight: You and you can win the war These figures indicate.

O, it's not the large amount, It's the little things that count! Don't forget, put out the light, Last year's dress still looks all right,

You can save while others fight: It's the little things that count!

Wear the hat you bought last spring,

Save your paper, wind up string, Pick up pins, don't waste a thing:

It's the little things that count! Little strokes fell great oaks, Help to win the war!

BACK OUR SPORTS!

We are all proud of our school and it's traditions of good sportsmanship and team spirit. The teams themselves fight hard to cover their school with glory on the gridiron, basketball court, baseball diamond, and on the track. The girls, although not capable of these sports, do more than their share to bolster our good name and play equally as hard as the fellows to gain recognition for athletic superiority.

But, it is not the team that makes the school what it is,—it is the school that makes the team. It means a lot to a team to know that their school is not indifferent to their effort, but on the field, fighting side by side with them is spirit. Is it not better to have them win through your support, than have them lose through your "what difference does it make" attitude?

The next time our blue-jerseyed warriors take the field to do battle, let's show them how proud we are of their efforts. Let's show them that we too, want a victory. Let's make our teams PROUD of the school they are fighting for.

Many men who were once sports stars in our schools, are now gold stars on our service flags. Those men gave their best for their schools and gave their lives for their country.

In school, hundreds, sometimes thousands, cheered wildly when they took to the athletic field when they were overseas, 130,000,000 American citizens prayed silently when they took to the battlefield. On the athletic field they were injured. On the battlefield they were killed. Before the war, they were hailed as sports heroes. Now, they are hailed as dead heroes.

They weren't afraid of being injured for the glory of their school colors. They weren't afraid to die for the glory of their red, white and blue battle standard. They

fought and died in the knowledge that they were fighting for the welfare of the 130,000,000 Americans who backed them to their utmost.

Those men weren't fighting for personal glory,—they were fighting for their country and the preservation of it's symbols of democracy. Our school spirit is one of these symbols. Our teams aren't fighting for personal glory either, but they are fighting for our school. Let's give them something to fight for!
