

# Port Creams Garden City, 53-34

By DICK CLARK

Taking the warpath once again, the Blue and White added the ninth scalp onto its belt when it crushed Garden City to the ripping score of 53-34 last Friday night. The first quarter ended with the Portmen winning by a slim two point lead, 10-8. However the picture was soon changed and the points began to roll up with lightning-like rapidity.

Mesch and Zwerlein each tossed in 15 and 13 points respectively. Pat Indence came through with eight which placed him in the second slot of the North Shore scoring race. Mesch is holding down seventh place and Zwerlein is ninth.

Incidentally, Port's 53 points was the highest score racked up in the North Shore League so far this year.

Great Neck and Mineola were both victorious in their games Friday night, so the standings remain:

**FIRST**—Port Washington, Great Neck

**SECOND**—Mineola

Tonight the Blue and White will tangle with Great Neck in the most crucial game up to date. The winner will be the undisputed League leader and the loser will drop into second place. Great Neck has beaten us, but Garden City has beaten Great Neck. To make it more complicated, we have defeated Garden City twice by successive margins of 19 points.

Theoretically, we should beat Great Neck, but since they have beaten us, we cannot use past performances as a basis for our opinion. However, the team wants the championship badly and we know that they will not give it up without a fight.

We have a hunch that the boys will come through for their tenth win tonight. We're behind them all the way because we want that championship too. The team is one of the best in years with all five players outstanding and a capable crew of reserves. We cannot pick any individual star because we have a TEAM. Five men thinking and functioning as one. Not after personal glory, but seeking to gain coveted honors for their school. We have a team that deserves support,—let's give to them!

## Students Hear F.B.I., See Phys. Ed. Movie

**ASSEMBLY PROGRAMS**

Last Friday the student body listened with interest to a talk given by Mr. Griffin from the F. B.I. Both the talk and the picture on sabotage proved that all sabotage is not done by enemy agents, but by the carelessness of the young people in our own country. Mr. Griffin urged that we students do nothing which will gratify the enemy.

On Wednesday another program dealing with youth and the War was sponsored by the Assembly Committee. "Physical Fitness" was the topic of a very interesting movie on the need for modern youth for "hardening up" exercises.
