Bird Dogging—This is what soldiers call dancing with another soldier's girl.

Pea Shooters—This is what the Air Force calls pursuits.

Sport Spotlight

By DICK CLARK

During the '43-'44 athletic season, the Blue and White sent forth many colorful characters to defend its colors. Some of the boys are now going forth to defend the red, white, and blue of their country. To all who participated in athletics we render a hearty thanks and wish you the best of luck in the hard days to come.

Football gave us:

George Younger—"Ol' Glue gingers" himself. Good natured George pulled Port out of many a tough hole when he grabbed one of Mesch's heaves. Now he's with the U. S. Army Air Force.

Big Ed Denzel—"Steady Eddie," easy going until he got mad. It took some fast chasing to catch "Dong" once he got going. Ed is pitching in with Uncle Sam's Seabees to do his bit.

"Bow Wow" Contino—The cause of the lineman,—terror of the gridiron. One of best offensive and defensive blocks to play under Port colors. Amato is awaiting call from the Navy. The Japs might as well quit.

Les Keates—Did a swell job in a not so glamorous blocking back slot. A key man in the Port offense who knew his job and did it well. Les is Navy bound also.

The line was queer and inexperienced but we salute them for their efforts. Many of the fellows will be around again next year. Basketball really turned the school upside down. It looked as though Port was due for a championship. What ever happened, we did not get it but this team will not soon be forgotten.

Sliver Thomosen—About 6 ft. 5 in. of best basketball material around. Harry's arms stopped many an enemy point from doing damage. Sliver plans to be an officer in the Merchant Marine and we know he's gonna make it.

Pat Indence—"Tooky" always looked fogged out but that was where he fooled a lot of people. A black haired streak of lightning and then a swish—2 points for Port and Pat Indence. Patty wants to get into Naval Aviation.

Harry Zeidel—"Moose" could smell a basketball a mile away. A great defensive player and Captain of the team. Harry was one of the main cogs in the drive for the championship. Now overseas on the U. S. S. Tripoli.

The Port To Open Tonite, 8:00 P. M.

"The Port," our youth center on Main Street, is scheduled to open tonight, May 26 at 8 P. M.

A Juke Box has been rented so there will be dancing any time you are down there.

Elections for chairman, vice-chairman, secretary and treasurer will take place sometime in June. Students are asked to think about the people they want to fill these positions.

Temporary committees have been appointed. Temporary chairman of the Finance Committee is Jack Ahearn. Inger Molmen is head of the Nominating Committee. Dick Aitken is temporary chairman of the House Committee and the Program Committee is temporarily headed by Steve Webber.

No one will be admitted without a membership card which is issued after an annual fee of \$1.00 is paid and an application is filled out.

"Reflections"

I sat before an open fire
And watched the embers glow
I pictured many different things
As flames darted to and fro
Right in the center of the fire
A face I saw quite clear
That snarling face of Hitler
Plainly did appear
And then again another one
Mussolini to be sure
And many other items
That carry on this war
Then of course those yellow Japs
They all seemed in a mess
To see them all within a fire
Pleased me I must confess
That's where they'll all end up
some day
When judgment day comes 'round
And pay the price for what they've done
In the air, on the sea, and on the ground

Ahern, Danielsen At Legion State

Jack Ahern, the boy who'll do most for the school next year, has been selected to go to Boys' State this year of the American Legion: Jack was chosen on the basis of being very responsible, a hard worker, and having an outstanding personality. So here's wishing you luck Jake, and let's see what you can do.

For the girls, Margaret Danielsen has been chosen. Margaret is one of the most outstanding girls of the junior class, and we know she'll work hard—have fun Margaret and come back and tell us all about it!

Eyes Right

Home on leave a short while ago were Harold Ziedel, Navy, New York; George Leach, Navy, Peru, Indiana; Carl Coff, Navy, Great Lakes; Frank E. Sherman, Seabees—was in the Aleutians.

Last word from George Moses found him at Aloe Field, Texas.

Going back aways — George Younger, who was getting tired of waiting to be called) was called during April. He is now stationed at Keesler Field, Miss. At the same field we find Harry Goldscher who was called shortly after the close of the basketball season. Both were football stars.

Russ Conklin, machinist's mate first class, is stationed in North Carolina.

One of last season's basketball stars, Bob Mitchell, Navy, has been overseas for a month. He shipped out from San Bruno, Cal. so draw your own conclusions as to which ocean he is on.

Dave Gullet, Army, has been in North Africa for a short while. He advises that North Africa is no place for tourists.

Ted Sherman, Navy, was home last weekend.
