Vender Is Installed By Student Council

During the week a Coca-Cola machine was installed in the cafeteria of PDSHS. Since the Board of Education does not approve of having it open during lunch, the machine may only be operated before and after school.

Previous to this announcement by the Student Council, Ginger Stein, Ronnie Mullon, and Marion Sadler were given the task of pricing Pepsi Cola and Coca-Cola machines. From their findings, the G.O. was able to purchase a one-hundred forty - nine bottle Coca-Cola machine.

Saulter Represents PDSHS At Rotary

Ray Saulter, treasurer of the high school, was the representative to the Rotary Club, a Businessmen's Organization for community service. The club is asking for a student representative every week to act as Junior Rotarian.

"I went along with Mr. Williams, the assistant superintendent, to the Riviera for lunch. I was introduced to my sponsor who explained everything about the club to me. After attending the luncheon, we listened to interesting talks. I enjoyed it very much," commented Ray.

Acquainting the youth of Port Washington with the Rotary Club is the main reason for having a Junior Rotarian. The Rotary Club would like to know the high school students much better than they have in the past.

Council Discusses Campus Park Area

At the second council meeting of the year, president Marian Sadler introduced the idea of converting the area around the flag pole into a park with benches, flower beds and shrubbery. A student committee consisting of Sherry Walther, Carol Sleight, Sue Dorn and Gene Jacoby will see that tulip bulbs will be planted here before winter comes. The area near the soccer field may be designated as an eating place with the appropriate facilities. Any definite decisions on these matters will be postponed until next spring.

Another subject discussed at the meeting was dancing in the

Ronnie Musselwhite, accompanied by his date Nancy Walker, was elected as "Mr. Touchdown" Saturday night at the Port Weekly dance. The novelty of the evening was Doc Arresta's moving the dance out on the terrace. Some ninety couples made this first dance of the year a big success.

"Profit from the dance is estimated at about \$35. There are a few people who deserve special recognition for their work on the dance. Winnie Schultz and Sirje Helder did a wonderful job on the decorations. Jean Killam and Anne Loveland were of great assistance with the entire planning of the event. The lighting crew, under Bob Slusser, and Zippy Zirpolo deserve thanks for their invaluable aid. The A & P generously gave a discount on the refreshments," said Mr. MacIntosh, faculty adviser of the paper.

Principal Praises 3 Minute Fire Drill

Mr. Hendrickson's comment concerning the Fire Drill conducted on October 5 was, "I felt that the students conducted themselves very nobly in view of the fact that this was the first fire drill of the school year. The County Fire Commissioner commented on the orderliness of the three minute drill. In the future we will try to conduct the drill in less time."
