- Stephen Walter—will return for Jane.
- Phyllis Weatherly—will be editor of Mad Comics.
- Michael Weisser — will always be around.

Young Bloods Advise Departing Seniors

Dear seniors, as you leave these poisen ivy halls, we the underclassmen, have but a few requests to make. Primarily, we are, of course, interested in watching you as you commence to climb the arduous path of the scholar in college. (This last sentence is viewed with satisfaction as it should impress upon you the intelligence of your successors.) To continue, however, the underclassmen feel that since you proceed us, it is your dedicated purpose to sample the ingredients of college life and send them back to us in a mixture called fun.

Our first requirement is a gay assortment of test tubes filled with punch from fraternity parties. The chem lab will examine them and it is rumored that Mr. Pickett will hold little "get-togethers" after school on Fridays for the sampling of this punch.

Next and equally important, we would like any themes on which you have received a B+ or better. As you can see, these little items will be beneficial to the education and enjoyment of PDSHS.

Still more important, especially from a feminine view point, is the request that the senior boys send back one college sweat shirt apiece. These will be donated to the girls gym class and distributed equally.

The last requirement is poignant and we ask you not to sob when you hear it. Would the departing seniors please bottle all tears shed at graduation for the succeeding classes. The bottles will be used as a display of the love that you have for your school and for US. We may blackmail you in the future but that will only be in the event that we feel the need of funds to build a new swimming pool.

the Celerity prize for Attendance and Punctuality.

Sue Riley received the Port Washington Music Study Club Band Award and the Meadowbrook National Bank French Prize. Bob Rowley was given the Rotary Stagecraft and Lighting Award, the Port Washington Lions Club Science Award, the American Legion Post 509 American History Medal, the Class of 1946 Mathematics Award and the Latin Prize. The Class of 1946 Mathematics Award also went to Jim Runyon.
